

## Prof. Dr. med. Dr. h. c. mult. **Otmar D. Wiestler**

President of the Helmholtz Association in Berlin

Otmar D. Wiestler was born in Freiburg, Germany on November 6, 1956. After completion of his medical training at the University of Freiburg Medical School, he received his M.D. degree in 1984. From 1984 to 1987 he trained as a postdoctoral fellow at the Department of Pathology, University of California in San Diego/USA. After a five-year period as senior resident and Assistant Professor in Neuropathology at the University of Zurich/Switzerland, he moved to the University of Bonn in 1992, where he was appointed as Professor of Neuropathology and Head of the Department of Neuropathology. At this University, he established a major neuroscience research center. In January 2004 he joined the German Cancer Research Center (DKFZ) in Heidelberg as Chairman and Scientific Member of the Management Board. Since September 2015 he serves as the President of the Helmholtz Association of German Research Centers in Berlin.

Otmar D. Wiestler has served on many scientific and professional boards, as Head of the German Brain Tumor Reference Center in Bonn, Chairman of the BONFOR research committee at the University of Bonn, President of the German Society of Neuropathology and Neuroanatomy, Head of the Review Board Theoretical Medicine of the Deutsche Forschungsgemeinschaft (DFG), and as CEO of the Life & Brain Neuroscience platform in Bonn. Until 2014 he served as a Member of the Medical Advisory Board of Deutsche Krebshilfe (German Cancer Aid). From 2007 to 2012, he acted as a Vice President for Health of the Helmholtz Association. Between 2016 and 2023, he chaired the University Council of the Technical University of Munich

# HELMHOLTZ

(TUM). Since 2015, he is a member of the Supervisory Board of Bayer AG. Furthermore, he is a member of the Board of Trustees of the Hertie Foundation (Gemeinnützige Hertie-Stiftung); member of the Board of Trustees of the Werner-von-Siemens-Ring-Foundation; member of the Board of Trustees of the Max Planck Institute of Molecular Cell Biology and Genetics, Dresden and on the Board of Directors of the Mark Foundation for Cancer Research, New York.

Otmar D. Wiestler contributed more than 300 papers and book chapters to the scientific literature. He has also served as an editorial board member of several international journals, including *Acta Neuropathologica* (Editor), *Brain Pathology*, *Cancer Letters*, *Carcinogenesis*, *Journal of Neurology*, *Neuropathology & Applied Neurobiology*.

Since 2001, he is an elected member of the German Life Science Academy LEOPOLDINA. In 2004, he received the German Federal Cross of Merit (Bundesverdienstkreuz). Honorary doctoral degrees (Dr. h. c.) were awarded to him in 2012 by the University of Tuebingen, in 2014 by the Ludwig Maximilians University of Munich, in 2016 by the University of Duisburg-Essen, in 2017 by the University of Wuerzburg and in 2021 by the Weizmann Institute of Science in Rehovot, Israel.
