Research for grand challenges.

HELMHOLTZ

Annex 1

General data

A) General information about the project and the candidate (*This information is provided to the reviewers and panelists.*)

- Helmholtz Investigator Group leader (full name):
- Project title
- 4-6 Keywords
 - •
 - •
 - •
 - •
 - •
 - •
- Summary in English (max. 200 words). Please formulate this summary to be comprehensible to scientists without expertise in your field.

Research for grand challenges.

- Nominating Helmholtz Center
- Name and organizational unit of host scientist
- German university partner
- Current host institution
- Short CV (max. 500 characters, only key points; please include work experience and academic studies and indicate durations)

Date of the doctorate award (dd/mm/yyyy):

Duration (mm/yyyy – mm/yyyy)

Academic age (to be filled out by the Helmholtz head office):

Research for grand challenges.

• International research experience during Phd or postdoc phase

Type of research experience	e	Duration (mm/yyyy – mm/yyyy)
Summary of publications	s (max. 300 characters)	
Total number of publications	S:	
Hirsch-Index	; Citation database:	
First authorships (if applicat	ble):	
Please highlight three crucia	al contributions to your field:	
a)		
b)		
c)		
Summary of awards (ma	ax. 200 characters)	

Award	Date

- Helmholtz Research Field (in case of more than one, please list in order of relevance)
- Helmholtz Program-orientied funding stream (PoF)

Research for grand challenges.

B) Further information about the candidate and the application

(This information will not be passed on to the reviewers and panelists, but will only be used for internal processing of the application.)

• Summary in German (max. 200 words). Please formulate this summary to be comprehensible to scientists without expertise in your field.

• Contact information Helmholtz Investigator Group leader

Complete current address:

E-mail:

Telephone number:

- Current employment status (permanent position or start and end date in case of a fixed-term contract)
- Gender:
- Nationality:

• Career break after award of the doctorate, e.g. periods of maternity and parental leave, care leave, serious illness or other unavoidable downtime (if applicable)

Career break reason	Duration (mm/yyyy – mm/yyyy)

For maternity leave / parental leave of the birth giving parent, the track record considered can be extended by 18 months, or if longer by the amount of leave actually taken until the call deadline, for each child born after the PhD award. If you would like to receive a lump-sum credit of 18 months, please enter the month and year of birth of your child / children.

Date of birth of children (mm/yyyy):

- Have you applied for funding with this research proposal at another funding program? If yes, please state the program and organization.
 Please note: Candidates cannot apply for the Helmholtz Investigator Groups if they are already receiving funding from a similar program (such as the German Research Foundation's /DFG Emmy Noether Groups).
- Have you applied for an ERC (starting) grant?

 \Box Yes, in (yyyy): \Box No

Were you invited to present your ERC (starting) proposal (and thus are listed)?

 \Box Yes, in (yyyy):

□ No

• In case of a resubmission of the application

Project number and year of the initial application:

Please describe the changes compared to the initial application (max. 300 words).

• Have you been informed about the evaluation procedure, regulations, and the probability of reaching the offered permanent position by the Helmholtz Center?

□ Yes □ No

• Upon positive evaluation, what will your employment position be:

□ Staff scientist (permanent contract)

- Leadership position (i.e. permanent contract including a budget and personnel)
- \Box Other, please provide details:
- Intended project start (dd/mm/yyyy):
