Application Annex 4

Declaration on the use of artificial intelligence in preparing the proposal

The Helmholtz Association requires applicants to provide a transparent declaration on whether and how Artificial Intelligence (AI) tools were used in the preparation of this proposal for the ScienceServe project call.

AI tools must not be used as the sole or primary author of the proposal. The applicant is fully responsible for the accuracy, originality and integrity of all submitted text.

Applicants are strongly advised not to use commercial AI tools that send data to external servers, as this may lead to unintended disclosure of confidential proposal content.

Please select one of the following categories that best reflects your use of AI:

AI Usage Level (please tick one option)

- ○ **1) 100% Human Writing**
  No AI tools were used to draft, edit or proofread the content of this proposal.
- ○ **2) AI-Assisted Proofreading Only**
  AI tools were used solely for language refinement, grammar checking or stylistic proofreading. No AI-generated content has been integrated into the scientific or conceptual parts of the proposal.
- ○ **3) AI Co-Writing**
  AI tools were used to support writing by paraphrasing, summarizing, restructuring or generating draft text fragments. The applicant retains full responsibility for the scientific and conceptual substance of the proposal.

Applicant's Declaration

I confirm that:

AI tools were not used as the sole or primary author of any part of this proposal.
All scientific arguments, ideas, concepts and interpretations included in this proposal originate from the applicant(s).
If AI tools were used, all AI-assisted content was fully reviewed, checked and validated by me.
