HELMHOLTZ

Research for grand challenges.

Application Annex AA3-HIEG

General data

A) General information about the project and the candidate

(*This information is provided to the panelists.*)

- Helmholtz Innovation Exploration Group leader (full name):
- Project title
- 4-6 Keywords
- Nominating Helmholtz Center
- Name and organizational unit of host scientist
- Intended project start (dd/mm/yyyy):
- Summary in English (max. 200 words). Please formulate this summary to be comprehensible to scientists without expertise in your field.

- Current host institution

- Helmholtz Research Field (in case of more than one, please list in order of relevance)

- Helmholtz Program-oriented funding stream (PoF)

- Short CV (only key points; please include work experience and academic studies and indicate durations following the template below; up to 1,200 characters)
  Date of the doctorate award (date on certificate, dd/mm/yyyy):

- Duration (mm/yyyy – mm/yyyy): Academic studies and work experience

Academic age (*to be filled out by the Helmholtz head office*):

- Research achievements (up to 700 characters total)

Please highlight up to five crucial research contributions in your field (e.g., publications, datasets, software tools, methods, prototypes, patents or other outputs with scientific or technological impact; if applicable, include the year)

a)

b)

c)

d)

e)

- Summary of recognitions (up to 400 characters total)

Please list relevant recognitions and distinctions (e.g., fellowships, competitive grants, awards, invited talks, notable collaborations or other forms of scientific or technological recognition)

B) Further information about the candidate and the application

(*This information will not be passed on to the panelists, but will only be used for internal processing of the application.*)

- Summary in German (max. 200 words). Please formulate this summary to be comprehensible to scientists without expertise in your field.

- Contact information Helmholtz Innovation Exploration Group leader – Complete current address:

E-mail:

Telephone number:

- Current employment status (permanent position or start and end date in case of a fixed-term contract)

- Gender:

- Nationality:

- Career break after award of the doctorate, e.g. periods of maternity and parental leave, care leave, serious illness or other unavoidable downtime (if applicable)

Career break reason	Duration (mm/yyyy – mm/yyyy)

For maternity leave / parental leave of the parent who gave birth, the track record considered will be extended by 18 months (or if longer by the amount of leave actually taken until the call deadline) for each child born after the PhD award. If you would like to receive such a lump-sum credit of 18 months, please enter the month and year of birth of your child / children. For a parent who has not given birth, the parental leave actually taken will be taken into account.

Date of birth of children (mm/yyyy):

- Have you applied for funding with this research proposal at another funding program? If yes, please state the program and organization.
  Please note: Candidates cannot apply for the Helmholtz Innovation Exploration Groups if they are already receiving funding from another program that provides comparable funding for the same project or substantially overlapping project activities.

◯ Yes, in following program: ◯ No

- In case of a resubmission of the application

Project number and year of the initial application:

Please describe the changes compared to the initial application (max. 300 words).

- Have you been informed about the planned employment conditions (e.g., contract type, duration, salary level, role) at the Helmholtz Center?

  ◯ Yes ◯ No
