

## HELMHOLTZ JUNIORS

Helmholtz Juniors is an initiative of doctoral researchers of all Helmholtz Centers across Germany

Our mission is to

- strengthen the network among doctoral researchers
- improve our working conditions
- represent our point of view to the Helmholtz Association

**JOIN US NOW - BE THE VOICE  
OF DOCTORAL RESEARCHERS!**

# HEJU STRUCTURE

The Working Conditions group's objective is to define a viable framework for PhD projects at all Helmholtz Centers with a strong focus on fair contracts

The Survey group's aim is to assess and evaluate the current situation of doctoral researchers at the different Helmholtz centers

The Communication group is responsible for broadcasting HeJu news to all the doctoral researchers in the Helmholtz Association

The Events group organises meetings and conferences to allow doctoral researchers to meet their inter- and transdisciplinary peers
